Bermuda Tifway 419

This is a beautiful fine blade grass that requires plenty of sunlight. Dense and soft for the kids. Great with traffic.

Bermuda Tex Turf 10

Low growing, fine blade easy to maintain grass, requires plenty of sunlight.

St. Augustine Raleigh

Coarse blade grass, requires a little more watering than bermuda. Great in the shade and hardy.

St. Augustine Palmetto

Coarse blade grass, requires a little more watering than bermuda. Blade is smaller than Raleigh. Great in the shade and hardier than Raleigh and resistant to chinch bugs.

Zoysia

Fine blade grass, great in the sun and moderate shade. Extremely drought tolerant because of its deep growing roots. Zoysia is the most beautiful and most expensive of the SOD types.
